

HEALTH UNIT PLAN 2022

Report Presented on Day 2 (18th November, 2021)

We identified areas where we shall focus and build capacity in 2022. They include:

1. Hospital Waste Management
Short term, Medium & Long Term
2. Human Resources Management.
Employment, retention etc. of staff.
3. Collaboration with JDPC for Diocesan Emergency Preparation & Response Plan
4. Proposal Writing for the National Health Unit to focus on Malnutrition, Malaria, etc.
5. To engage Salus Trust for Efficiency & Effectiveness
6. Training of Diocesan Counselling Team to ameliorate and manage the Mental Health Condition of our people as a result of the insecurity in the land.

IMPLEMENTATION

1. We formed an 8 person Technical Team to map out the Road map to implementation.
2. This team was given the mandate to come up with a working plan towards their actualization.
